2	Mr WANG SHUCHEN	G37926362	27 OCT 2009	26 OCT 2019	11 JAN 1960
3	Mr ZHANG YUYING	G21289434	02 MAR 2007	01 MAR 2017	25 OCT 1981
4	Mr MAO ZENGFU	G39537616	28 DEC 2009	27 DEC 2019	20 DEC 1959
5	Mr TANG YUN	G18308506	16 JUN 2006	15 JUN 2011	21 MAY 1973
6	Mr ZHANG JIANJIANG	G29540354	20 JUN 2008	19 JUN 2018	22 JUN 1974

All of the above listed men are the engineers or technicians (workers) of **Jiangyin Zhongrui Non-woven Fabric Machinery Co., Ltd.** Address: No.17 Beixin East Rd., Zhouzhuang Town, Jiangyin, China; tel: +86-510-86901810; fax: +86-510-86227 836; e-mail: zhongruiyuanfang@yahoo.com, jointly referred here to as "**Zhongrui**".

I am a dealer importer and producer of textile machinery in Poland. After several visits and months of negotiations in the day 12th Jan., 2010 I did sign a contract with Zhongrui Company for delivery of a big nonwoven plant (machinery) for amount close to one million USD CIF, which had been shipped in 11 containers to Poland on the end of July 2010.

The suspected time of delivery to Poland (ETA) is 10th of September 2010.

Due to the Contract the Seller (Zhongrui) is obligated to delegate sufficient number of qualified workers (6 persons) to help in assembling and successfully run the machinery in Poland. According to our experience the process takes about 60 days together and can differ depending from the particular assembling and debugging

process' advancement. Finally after consultation with Zhongrui six above listed engineers / technicians had been assigned to install the machinery in Poland, **whom hereby I would like to invite.**

Because of different tasks the invited persons are responsible for they are requested to arrive to Poland in two groups of 3 persons – with one month delay each from other.

Because of suspected delivery time we would like to ask the first group (marked in green color in the above table) to arrive to Poland on 9th September – along with the first containers.

Next group (marked in blue) should arrive on 04th October 2010.

Each group should stay in Poland for about 45-60 days and it is impossible to predict in exact the length of the period. This is because **I would like to ask you kindly to accept one way tickets for visas issuing.** Back way tickets (WAW – PVG) I will buy myself (personally, on my charge) to each of invited persons with date adjusted to our real needs, the most probably within 45-60 days after arrival.

In the way our Chinese guests can go back even 2 weeks sooner or – if needed – can stay some days longer charging me with no additional costs related to back flight dates change. I will buy back tickets exactly when needed.

Hereby I declare as well to cover myself all needed costs related to the requested visit, as:

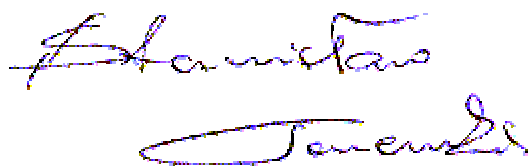

- travel costs (flight tickets, travel costs in Poland),
- travel, health and working insurance,
- alimentation and accomodation,
- workers salary, etc.,

namely: everything what concerns the travel and living costs during the visit.

All the further information related to this Letter of Invitation along with my company's registration documents can be found on <http://pikomat.pl/dane/loi.htm> .

Staying for your disposal regarding any further questions and looking for your positive response

With best regards from Poland
